

SPONSORSHIP OPPORTUNITIES

Family Sports & South Suburban Ice Arenas

About Us

South Suburban owns and operates two ice arenas in the south metro Denver area. Family Sports (6901 South Peoria) and South Suburban (6580 South Vine Street) both feature two rinks, concessions, equipment rentals, locker rooms and conference meeting rooms.

Both facilities offer a variety of programs for youth and adults, including figure skating, hockey and public skating session. The venues have served as the home for regional and national figure skating, speed skating and hockey competitions, and has inspired future generations to fulfill their dreams with college scholarships and even Olympic debuts.

Family Sports is also the practice home to the Colorado Avalanche.

A variety of options are available to give you the most exposure for your partnership. Whether it's on the dashboards, zamboni or on the ice, we can tailor a package specifically to meet your needs.
