Information about South Suburban Professional Skating Staff

Below please find helpful & useful information to make it easier for you to understand our sport.
The Directory of professional skating staff begins on page 3 of this Guide.

EXPLANATION OF SKATING TERMS

- USFS:** United States Figure Skating
USFS is the National Governing Body (NGB) of our sport. They conduct testing sessions and run the competitions that qualify our skaters for International, World and Olympic competitions.
- SKATING CLUBS:** The local organizations that organize the tests and competitions. When you are a member of a Club, you are also a member of the USFS.
- ISI:** Ice Skating Institute
An organization of rink owners and operators dedicated to the promotion of arena management promotion and recreational skating. They have their own testing and competition structure. It also can feed into the USFS program as well.
- PSA:** Professional Skaters Association
(Formerly Professional Skaters Guild of America). The world's largest and most recognized organization of skating coaches. The PSA is the officially designated coaches' certification and education program for figure skating by the USFS and the United States Olympic Committee. They conduct conferences and seminars to educate all levels of teachers. Selected Master-Rated coaches conduct the written and oral rating exams of the coaches, and place these in the coaches' biographies. The coaches ratings are: registered, certified, senior, and master. The PSA also produces literature and keeps coaches informed of changes in their profession.
- LEARN-TO-SKATE (LTS) and LEARN -TO-PLAY HOCKEY (LTPH)**
Our beginning level of instruction utilizes USFS and ISI basic skills. We offer class lessons and skaters are divided by ability and age. Class sizes are small. We feel that this is the most affordable and conducive environment to learn basics.
As a skater progresses through these levels, they may wish to add private lessons to help with the more advanced skills.
Skaters interested in hockey who progress through Pre 2 or Level 3 may then enter our Learn to Play Hockey classes.
- FREESTYLE:** These are special sessions provided for the practice of jumps, spins, footwork, etc. Skaters are allowed to share the sound system to practice their routines to music as well on these sessions. They are commonly divided by ability into these sessions with the lowest level being Alpha.
- MOVES IN THE FIELD:** These tests incorporate basic, intermediate, and advanced forms of skating and turning skills used in figure skating. They follow general patterns on the ice and therefore require specialized practice sessions. Currently, they are a prerequisite to the freeskating tests, but they may be taken independently of the freeskating tests, if desired.
- DANCE:** This can be done as a couple or individually and it involves prescribed steps, edges, turns and patterns done in time to various rhythms and musical selections. Advanced ice dancing involves small lifts, spins and jumps and this is called free dancing.

PAIRS

This is done by couples and involves more freeskating. Pairs skating demonstrates bigger lifts, longer spins, and higher jumps with more rotations. Strong freestyle skills are a must before entering this element of our sport.

SYNCHRONIZED SKATING:

This fast growing area of our sport is a team function which is divided by age and size of the team. It is very competitive, but at the same time, a lot of fun. You see some real creative formations, powerful skating and neat “tricks” done in unison with others.

THEATER ON ICE This new program is for skaters interested in competing in production type or ensemble show routines. The team practices weekly on average and competes nationally in the National Theatre on Ice competition held each summer. They also perform in local shows and at skating events.

USFS TEST LEVELS

<u>Figures</u>	<u>Moves in the Field</u>	<u>Freestyle</u>	<u>Dance</u>	<u>Adult Moves</u>	<u>Adult Freestyle</u>	<u>Pairs</u>
Preliminary	Pre-Preliminary	Pre-Preliminary	Preliminary	Adult Pre-bronze	Adult Pre-bronze	Pre Juvenile
				Adult Bronze	Adult Bronze	Juvenile
1st	Preliminary	Preliminary	Pre-Bronze	Adult Silver	Adult Silver	Intermediate
2nd	Pre-Juvenile	Pre-Juvenile	Bronze	Adult Gold	Adult Gold	Novice
3rd	Juvenile	Juvenile	Pre-Silver			Junior
4th	Intermediate	Intermediate	Silver			Senior
5th	Novice	Novice	Pre-Gold			
6th	Junior	Junior	Gold			
7th	Senior	Senior	International			
8th						

MEANING OF FIGURE SKATING COACHES' CREDENTIALS

If a coach is a **Double Gold Medalist**, it means the coach has tested in the US and Canada.

If a coach has a **Master Rating**, it means the coach either has passed all the tests or has coached skaters through all the tests in that area **and** has passed an oral exam given by a panel of expert coaches from across the United States about their knowledge and ability to teach. The coach may achieve these ratings in Figures, Freestyle, Moves in the Field, Dance, Free Dance, Pairs, Synchronized Skating, Group Teaching, Choreography and Program Administration. The highest level of rating is Master, then Senior, then Certified, and finally Registered.

A **PSA Basic Accredited Coach** means they have passed the entry-level written exam. All figure skating staff coaches must be members of the Professional Skaters Association (PSA) or Ice Sports Industry (ISI) to teach private figure skating lessons at South Suburban Parks and Recreation.

It is important to select a coach who blends in well with you and your child's personality. A coach's qualifications and teaching experience determine their lesson rates and they often vary depending on their experience and rating. Private lesson fees are paid directly to the instructor. Lessons may be 15, 20, or 30 minutes up to an hour in length.

Private lessons during public sessions require students to pay the general admission fee at the facility. The coach can recommend an amount of lesson time based on the amount of time the student skates, ability, aspirations and, above all, the family budget. Observe as the coaches teach, read this booklet, and if you still need help making a decision, contact Gerry Lane, Director of Skating at 303.798.7881, ext. 33304 or 303.709.9500, ext 30562.

Coach's fees will vary. After the name of each coach below (in alpha order by last name), please find the name of the facility(s) where they are available to teach and their hourly fee. South Suburban Ice Arena, 6580 S Vine St., Centennial is **SSIA** and Family Sports Center, 6901 S. Peoria St., Centennial is **FSC**.

PRIVATE LESSONS COACHING STAFF DIRECTORY

At South Suburban Ice Arena and Family Sports Center Ice Arena

Below this list of staff, please find terms and information about this professional staff at both our ice arenas.
